

# Be better prepared for flu season!

Protect yourself with

## Instant Hand Sanitizer & Antibacterial Soap from Prudential Overall Supply.

### Tips on Preventing the Flu:

#### Good Health Habits Can Help Stop Germs

Based on medical opinions, the single best way to prevent seasonal flu is to get vaccinated each year, but good health habits like covering your cough and washing your hands often can help stop the spread of germs and prevent respiratory illnesses like the flu.

- **Avoid close contact.**  
*Avoid close contact with people who are sick. When you are sick, keep your distance from others to protect them from getting sick too.*
- **Stay home when you are sick.**  
*If possible, stay home when you are sick.  
You will help prevent others from catching your illness.*
- **Cover your mouth and nose.**  
*Cover your mouth and nose with a tissue when coughing or sneezing.  
It may prevent those around you from getting sick.*
- **Clean your hands.**  
*Washing your hands often will help protect you from germs.  
When washing hands is not an option use instant hand sanitizer.*
- **Avoid touching your eyes, nose or mouth.**  
*Germs are often spread when a person touches something that is contaminated with germs and then touches his or her eyes, nose, or mouth.*
- **Practice other good health habits.**  
*Get plenty of sleep, be physically active, manage your stress,  
drink plenty of fluids, and eat nutritious food.*
